Headnotes

The product specific rules in this Annex are structured on the basis of the HS. The specific rule, or specific set of rules, that applies to a particular heading (4-digit code) or subheading (6-digit code) is set out immediately adjacent to the heading or subheading.

There are chapter notes on the product specific rules of origin, as provided for under the respective chapters, which shall be construed as a part of the rules on the goods as specified in the chapters.

The PSR are fully listed in accordance with the sequential orders of HS2007. The six-digit codes listed in the PSR correspond to the descriptions of goods as defined under the same six-digit codes of the Harmonized System.
